

Abortion Referrals for South Carolina Women

State resources aimed at referral-makers counseling patients and clients with an unintended pregnancy rarely contain information about where to refer women for abortion care. We hope the information below will supplement existing referral information you have for patients or clients with an unintended pregnancy. This list includes abortion providers who are members of the National Abortion Federation, the Abortion Care Network, or who are Planned Parenthood affiliates. Planned Parenthood affiliates and clinic members of National Abortion Federation are subject to clinical quality audits. Clinic members of the Abortion Care Network are not subject to a clinical quality audit but belong to a national organization whose values and philosophy are to provide patients with the highest standards of care. There may be other high quality abortion providers in South Carolina and surrounding states, it is beyond *Provide's* current capacity to recommend them because we have no way of evaluating their clinical standards.

Referrals for Minors: In South Carolina, minors must obtain consent from a parent or guardian in order to access abortion services. If a parent or guardian is unable or unwilling to consent, the minor may seek a judicial bypass. Clinics can discuss this option with the patient.

Prenatal Care

The South Carolina Department of Social Services is a state resource for prenatal care in South Carolina. They can be reached at (800) 868-0404 and <https://dss.sc.gov/>.

When giving a referral to the Department of Social Services or any of the providers listed in their resources manuals, patients and clients should be told that some prenatal care agencies provide biased care or may withhold complete information and services. Patients and clients should be supported in accessing care that respects their decision-making and most meets their needs.
